# know the 10 signs: early detection matters

## Program Overview

The warning signs of Alzheimer's disease are often dismissed as side effects of normal aging. If you or someone you know is experiencing memory loss or changes in behavior or thinking skills, it's time to learn the facts. Early detection, diagnosis and intervention are vital because they provide the best opportunities for treatment, support and planning for the future.

Attend this interactive workshop to learn the 10 warning signs of Alzheimer's disease. We'll separate myth from reality and address commonly held fears about Alzheimer's disease. Find out how to recognize the signs and the steps to take.

For additional information, directions and registration, please call the Alzheimer's Association at:

**973.586.4300**

There is no fee for attending this program, however, seating is limited.

**Thursday, February 11, 2010**  
7:30—8:30 p.m.

**Red Bank Public Library**  
84 West Front Street, Red Bank  
732.842.0690

*For information on Alzheimer's disease or support to individuals, families and caregivers who are coping with the disease, call our Helpline at 1.800.883.1180, or visit [www.alznj.org](http://www.alznj.org).*

**Greater New Jersey Chapter**  
400 Morris Avenue Suite 251  
Denville, New Jersey 07834
